

## PCN Notice

A supplier of Phosphor Bronze strip material used to manufacture the JAE parts listed below, has made plans to stop the production of their material. In response to this change, JAE will begin using the alternative material shown below.

### 1. Material Being Changed:

Phosphor Bronze Strip C5102  
Phosphor Bronze Strip C5240

### 2. Current Material Discontinuation Schedule

**LTB:** March 2019

**Production Stopped:** June 2019

### 3. Instructions:

Please advise your JAE account manager or distributor on the below:

1. Whether any additional test data or documentation is required to approve the change.
2. If additional test data is required, please let your JAE account manager or distributor know the required contents for change approval.

**Deadline for response:** August 8, 2018

- If it is not possible to answer by the deadline above, please let your JAE account manager or distributor know.
- If we do not receive a response, we will assume that additional information is not necessary.

### 4. Affected Parts:

Please see the list below for details on all part numbers affected and alternative materials. For supplier change with no material change, alternative material has the same quality and performance. Internal testing will be conducted for this change.
