

Product Change Notification

PCN-ICC-7446-2021

Business Unit	Product Line Code	Type of Change	Action	Date of Issue
ICC - Industrial Cabinet	BE2	Product Change Notification	Notify Distributors and Field	11/30/2021

The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description for Product Change Notification

In order to ease the removal of EB insertion bridges, both the bridges and the PTPOWER 95 terminal blocks have been modified and improved. They now have the same latching principle as PTPOWER 50 and 185.

The snap-in latch on the EB insertion bridge is now set at a different position in the insulation. The PTPOWER 95 family has also been modified with new snap-in latches within the housing to accept the modified EB bridges and to make removal of these bridges from the terminal block easier.

V/C 01 insertion bridges may be used in all version codes of PTPOWER 95. However, V/C 02 bridges may only be used in PTPOWER 95 V/C 09 or higher.

Stock Status

Can existing stock still be used?	Yes
Is mixture of stock acceptable?	No

Transaction Dates

Date modification goes into effect from Germany:	3/11/2022
Expected first shipment (from Phoenix Contact) of the modified products(s):	6/11/2022
